LAO FRIENDS  
HOSPITAL FOR CHILDREN

In February 2015, Friends Without A Border built Lao Friends Hospital for Children (LFHC) in Luang Prabang, as the first full service pediatric hospital in Northern Laos. LFHC provides high quality and compassionate medical care free of charge to the children of the region. We appreciate the generosity of the participating businesses.

*If you are not available this coming October, please join us for the 3rd Anniversary of LFHC on January 31, 2018. For further information, please contact Rie Tai at [fvc@fwablaos.org](mailto:fvc@fwablaos.org)*
